BANGOR DAILY WHIG AND COURIER.

BY WHEELER & LYNDE. MONDAY MORNING, MARCH 21, 1859. VOLUME XXV....NUMBER 222.

THE BANGOR DAILY WHIG & COURIER

IS PUBLISHED EVERY MORNING,

In Exchange Block, East end of Kenduskeag Bridge, at FIVE DOLLARS *a year*

WHEELER & LYNDE, - - - - - Proprietors.

THE BANGOR COURIER

IS PUBLISHED EVERY TUESDAY

At the Office of the Daily Whig and Courier, at One Dollar and Fifty Cents a year in advance, or Two Dollars a year if not paid in advance.

AGENCIES.

S. M. PETTENGILL & CO., 10 State-st., Boston, and 119 Nassau-st., New York, are authorized Agents to receive Advertisements and Subscriptions for this paper.

E. SILES, Agent Scollay's Building, Court street, Boston.

JOHN GOE & CO., Agents, Tribune Buildings, New York.

JOHN BORRILL, Agent, 36 Kilby street, Boston.

The Law Regarding Newspapers and Periodicals.

1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions.

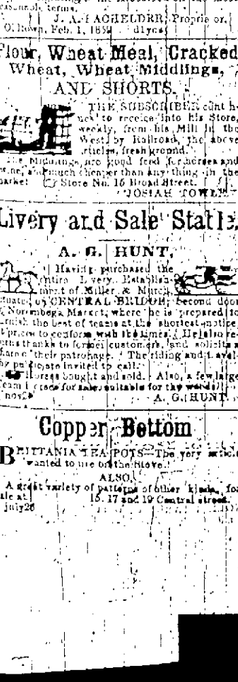
2. If subscribers order the discontinuance of their papers, the publisher may continue to send them until all arrearages are paid, and subscribers are responsible for all the numbers sent.

3. If subscribers neglect or refuse to take their papers from the office to which they are directed they are held responsible till they have settled their bills, and ordered their papers discontinued.

4. The Courts have decided that a refusal to take a town paper or periodical from the Post Office and leaving it there for the publisher, and the payment of all arrearages, is prima facie evidence of fraud.

5. Subscribers to newspapers or periodicals residing out of the county where the paper or periodical may be sent to the residence of the party at the time of subscription, unless notice is sent of such removal to the publication office.

CONE FURNACE



THE VERY BEST FURNACE IN USE which has been patented in America, England and France, on which took the First Premium at the last State Fair in this city. Any quantity of references can be given as to its *durability* and economy over all others.

☞ It is in the very best manner, and warranted to give entire satisfaction.

Albert Noyes.

July 26

PIANO TUNING

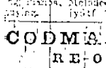
Mr. John D. Conley

HAVING been engaged in Tuning and Repairing Pianos, Organs, Melodeons, &c., for the last fifteen years, and for the last four in this city, he would refer to the above to his friends and the public generally. Orders left at his Room, 74 Main-st, will meet with prompt attention.

N. B. Mr. C. also offers his services in selecting Pianos, Melodeons, &c., to persons about to purchase.

CODMAN HOUSE,

RE-OPENED!



This spacious and commodious House has been recently refitted throughout in a manner to accommodate the public, under the management of J. A. ACHELDER, who, from long experience as a Hotel-keeper, is assured of one of the best Cooks in the country will preside in the kitchen.

The location of the House and its appointments, it is hoped, fail to render it one of the most pleasant and convenient stopping-places in the country.

In connection with the House is a large *Hall* for the accommodation of parties. Also, a large and convenient *Stable*, with double and single stalls, and a good shed and yard, where the horses of those who call and leave them will receive the best of care and attention. There will be a free hack in attendance, with stands for the convenience of passengers.

☞ Special pains will be taken to accommodate those on their way to the Aroostook on the most reasonable terms.

J. A. ACHELDER, Proprietor.

Old Town, Feb. 1, 1859. 6tf

Flour, Wheat Meal, Cracked Wheat, Wheat Middlings, AND SHORTS.

THE SUBSCRIBER can have the same received weekly, from his Mill in the West by Railroad, the above articles, fresh ground.

☞ Bidding, and Sacking for horses and teams, at much cheaper than any thing in the market. ☞ Store No. 16 Broad Street.

JOSIAH TOREY.

Livery and Sale Stable

A. G. HUNT,

Having purchased the entire Livery Establishment of Miller & Mitchell, situated on CENTRAL-BUILDING, second door from Norumbega Market, where he is prepared to furnish the best of teams at the shortest notice, and proves to conform with the times. Liberal patronage thanks to former customers, and solicits a share of their patronage. The riding and livery public in general is invited to call.

Horses bought and sold. Also, a few large Horses for sale, suitable for the wood trade.

A. G. HUNT.

nov14

Copper Bottom

BRITTANIA TEA POTS—The very article wanted to use on the stove.

ALSO,

A great variety of patterns of other kinds, for sale at 15 17 and 19 Central street.

July26

MAGNETIC PLASTER

The GREAT STRENGTHENER and PAIN DESTROYER.

THIS is an Ondoubted Household Remedy in the World. Simple and pleasant in its application, certain and effectual in its results. A beautiful, scientific, external Curative, applicable for the relief of Pain, at any time, in any place, in any part of the human system, and under all circumstances. If you put this Plaster any where (Pain is there, the Plaster) will stimulate the Pain away, and

Pain cannot exist where the Plaster is applied.

Rheumatism, Lumbago, Stiffness, Weakness, Debility, Nervousness, Neuralgia, Dyspepsia, Coughs and Colds, Pains and Aches of every kind, down even to Corns, are IMMEDIATELY RELIEVED, and in the following diseases, PERMANENTLY CURED, by the magical influence of the MAGNETIC PLASTER. It is the simplest, safest, surest, most shortest, and cheapest remedy in existence. Its application is universal—equally to the strong man, the delicate woman and the feeble infant. To each and all it will prove a Balm and a Blessing. It is in a portable, and self-adhesive form, and is ready for use. It is within the reach of all—that of poor, all may have it, and all should have it with no sick and suffering in their way.

FAMILIES should always be supplied with this invaluable PLASTER. It will be the Good Physician in any household, ready at all times, and at a short notice.

Put up in Tin Boxes. Each box will make six (6) eight plasters, and any child can spread them. Price 25 cents each box, with full and plain directions.

DR. C. MOREHEAD, M. D.,

Inventor and Proprietor

19 *Park-st., New York.*

MOREHEAD'S MAGNETIC PLASTER is sold by all druggists in every City, Town, and Village in the United States.

SAINT JOHN HOTEL,

Corner of King and Charlotte Streets,

SAINT JOHN, N. B.

THIS HOTEL having been leased for a term of years, is now open for the reception of guests, permanent and transient. The House has been refitted throughout, and will be conducted in all respects as a First Class Hotel—and the Proprietors have spared no expense in their efforts to render it, as to merit a share of patronage from the public.

WHITNEY & ADAMS.

T. V. WHITNEY, J. G. ADAMS.

St. John, N. B., July 10, 1858. dawly

CENTRAL HOUSE,

CORNER OF

Broadway and Hancock streets.

The undersigned would respectfully call the attention of the travelling public to the fact that he has opened a House for the convenience of all classes of guests, and it is hoped will be spared to make it deserving the public patronage. In connection with the House is a large and convenient STABLE, with double and single stalls, as may be desired; and having secured the services of one of the best of Ostlers I am thoroughly acquainted with his business, they may be assured that the horses will receive the best of care and attention. There is also a large hammock fitted up with stalls for racing, separate or in droves.

Passengers to and from all parts of the country to or from the cars or steamboats, will be put up, conveyed for transportation, and the proper arrangements made, free of charge.

Hoping to receive a liberal share of the patronage of farmers, and others following, I remain, Yours *Bide Hoping in Great Stile.*

It will be well to bear in mind that the Stable is kept by parties in large operations, but parties should be careful of their horses and teams while in the city, and not put up in some second class stable, where they are liable to be fed on musty oats, and the common Hungarian Grass seed, as it is very fat, hurtful to the Horses' Health.

An interesting Pamphlet, containing all of the facts, and a full particulars, will be furnished free of charge, by mail or boy of my clerks, upon the receipt of a letter addressed to the subscriber, containing a three cent stamp to pay the postage on the same. In this pamphlet will be found nearly a quarter of a million of copies of this pamphlet have already been applied for.

Parties desiring to secure said stamp, order at once, as the publication of the first edition of the work of sowing has passed. Those who secure seed this year can realize a rich return, by producing seed to supply the demand of farmers and planters for sowing another year.

Orders should be sent directly, or addressed in the vicinity of New York, where they will be filled by J. M. Emmerson & Co., 245 Broadway, New York, for one Address.

Agricultural Houses, Druggists, Seedsmen, and any other parties properly situated, are invited to become agents for the sale of the *Honey Bloom Seed*. Liberality. For particulars, send a three (3) cent pamphlet for 1859, containing information of *Honey Bloom Grass Seed*. It will be sold by agents in large quantities, but parties should be careful of their orders, and not be induced to purchase old seed; they are generally condemned to purchase the common Hungarian Grass seed, as it is very fat, hurtful to the Honey Bloom.

Agricultural Houses, Druggists, Seedsmen, and any other parties properly situated, are invited to become agents for the sale of the *Honey Bloom Seed*. Liberality. For particulars, send a three (3) cent pamphlet for 1859, containing information of *Honey Bloom Grass Seed*. It will be sold by agents in large quantities, but parties should be careful of their orders, and not be induced to purchase old seed; they are generally condemned to purchase the common Hungarian Grass seed, as it is very fat, hurtful to the Honey Bloom.

Bide Hoping in Great Stile.

H. S. BROWN,

Commission Dealer

In all kinds of *FURNITURE*, offers for sale, now in

Store No. 11 Main Street,

A large stock of the best styles of Sofas, Easy Chairs, Rocking and Parlor, Cane Seat and Common do.

A "SMALL" SPECIMEN OF DEMOCRACY.—Our space is inadequate to present the numerous illustrations of modern democracy afforded by recent investigations,—not only of Aroostook border ruffian frauds and corruption, but also and in greater variety by the developments of reckless extravagance and of political rascality and meanness lately brought up at Washington by diligent diving on the part of the opposition members.

Some of the richest exposures are contained in Mr. Sherman's report from the investigating committee on Naval Contracts and Expenditures. We have heretofore alluded to the famous "live oak contracts" by which enormous sums of money are shown to have been needlessly paid to a partisan favorite, nominally for certain quantities of timber, but really for services rendered and mostly expended to carry the Pennsylvania election in 1856. The operations under this "Coal Agency,"—in the purchase of some 60,000 tons of coal annually for the navy—are quite equal in rascality—and there are many important instances of corruption related. In our present article, however we wish merely to give a single specimen of the *meanness* to which democracy stoops in obtaining ways and means for purchasing votes and controlling elections so as to subvert the honest sovereignty of the people at the ballot-box.

In reporting upon the affairs of the Brooklyn Navy Yard, the Committee allude to the fact that in addition to former abuses,—reducing the navy yard to a mere political machine —new sinecure places of "master workmen" have been created by the present administration—and that the appointments of these master workmen were specifically divided among the various party leaders, so that each of the men understood to whom he owed his place—whom man he was. Thus the master plumber and master block-maker, belonged to or represented Mr. Sickles—the master painter belonged to Mr. Soaring—the master carpenter to Mr. Haskin, &c.,—and it appears that these appointments were made to suit the convenience of their political patrons failed to meet the requirements of the administration—as for instance Mr. Lawrence Cohanet master carpenter, was removed in June, 1858, in consequence of *Mr. Haskin's* counsel to Jedompkins!

These master workmen, it seems, have power given them to remove the workmen to be selected, or discharged—but the testimony shows that *through* the master workmen nearly all the workmen in the yard were selected by John Cochrane, Dan. Sickles, Geo Taylor and other *members of Congress!* A dignified line of business truly, for Congressmen—to write to a master foreman in the Brooklyn Navy Yard (as John Cochrane did) "I will have my proposition to men under you!" "If you do not give them, I will lodge charges against you!" This is contemptible—but not so indefinitely mean as the practice next alluded to.—Not only do the master workmen receive from the workmen in their department, expensive presents (such as watches, diamond breast pins, &c.,) as the price of favor, or to avert displeasure, often *extorted* in reality from them—but assessments are made upon the men to pay the party election expenses, and in several cases the men (mostly if whom were then receiving but $1 12 per day) were made to pay the ex clerk of some party leader who wanted to go to Washington. No less than three different assessments or contributions were thus exacted from the common workmen in the Brooklyn Navy Yard between April, 1858 and the fall election of that year. Poor men with families, to retain their dollar a day, and avoid being discharged, were forced to contribute largely for election expenses, and to fee corrupt party leaders. If this be not the depth of party meanness, we know not in what profound abyss it may be discovered.

CALIFORNIA PRODUCTS.—Statistics show that the number of sheep now in the State is not less than 650,000; being more than double the number so built in 1856. The increase in horses during that period is 43,000, and in cattle 120,000. The exports of hides during the last year amounted to $515 712. The quantity of land cultivated in 1859 was 611,953 acres; in 1858, 726,724—being an increase of 244 771 acres. This is exclusive of lands reserved for grazing purposes. The crop of wheat for the last year is set down at 5,283,668 bushels; and that of barley at 5,384,717. This is 548,798 more bushels of barley than the amount raised in the whole Union in 1850, according to the census.

The correspondent of the Tribune says that the following correspondence from Madrid states that Mr. Preston will be received unconditionally, but that any proposition touching Cuba will be followed by the government sending him his passports."

In reporting the result of the Bangor City election, the Belfast Journal facetiously says: "The democrats made a clean sweep—of wards 1 and 2." The fact is worth noting—as the democracy is rarely known to make *any* thing "clean."

A greyhound puppy in England, was lately sold for the sum of $ 500.

LOCAL AND MAINE NEWS.

OLD AND NEW STYLE TYPE FOR CARD PRINTING.

We have received several New Specimens of Card Type, which we wish to exhibit to those desirous of having Cards Printed in the most Fashionable and Latest Styles.

The Freshet in the Penobscot.—Breaking up of the ice.

The southerly rain-storm of Friday and Friday night, (which cleared off on Saturday morning,) was powerful, and, with the previous rain and the melting of the snow, that filled all the smaller streams on Saturday, and was then raising the main river, but not very rapidly. The rise in the Penobscot at Oldtown up to Saturday afternoon, was but little over five feet. It was rising rapidly, however, in the evening, but no damage was anticipated unless the ice from above should come down. The ice in Sunkhaze dead-water had not broken up Saturday afternoon—nor in Stillwater stream.

On Saturday night the weather came off cold, with wind from N. W. which, of course, stopped the melting of the snow on the head waters of the rivers. But the height of the freshet at this city was not reached, in the main river, until yesterday (Sunday) morning. The Kenduskeag stream was highest on Saturday night, and fell off some yesterday. The ice in the Kenduskeag, below Drummond's mills, had on Saturday afternoon jammed down nearly to the mouth of the stream—much of it having passed off under the river ice. None of the ice above Drummond's mills came down Saturday. One of the piers of the bridge at M'Gaston's mills is reported to have been moved several feet.

When the jam passed down to the mouth of the Kenduskeag, the sch. Adeline Damlin, lying in the stream, parted two chain cables. Two others held on, however, and she was soon cleared—the ice passing by her.

In the main river, the ice on the side of Oldtown broke up on Friday night, Saturday, and forenoon an immense jam of a mile or a mile and a-half in length, which passed the Veazie, or "City Mills," and pushed in over Treat's Falls on Saturday forenoon. In the ebb tide of Saturday afternoon, the jam again moved down with tremendous force, and the ice was broken up as far as Treadwell's bridge. Seven at men at work near the piers at Veazie's mills, at Veazie, were brought down with the jam, and were in considerable peril. Wiles the jam stopped they got off near the Red Bridge.

Two or three of the piers of the Corporation or Veazie mills, were carried away or razed by the jam on Saturday forenoon. Everything remained safe at Orono when yesterday noon—the ice being firm above the falls—and we had heard of no dangerous movement there when we went to press this morning.

Some of the lumber dealers and merchants in our city, fearing an inundation when the jam should pass Bangor, were removing their shingles and other light lumber from the wharves, and securing goods in store houses and cellars on Saturday afternoon.

The train from the West, due at 7:14 Saturday evening, did not arrive until after 11 o'clock—the detention being caused by a slide from an embankment on the Grand Trunk Road in Rowhal.

Mr. Pinson informs us that the Kenduskeag was rising rapidly Saturday evening, and damage was apprehended—although nothing had then been injured except some of the lower gear of one of the saw-mills at Waterville. The ice was then broken up at and above Kendall's Mills; and also for a mile below the mouth of the Sebasticook—and had come out of the mouth of that river.

Sunday Morning.—Water still rising in the Penobscot. The great jam moved down nearly to Penobscot Bridge during the night, and had pushed a large field of ice through the southern arch. Below the bridge the water looks a channel on Sunday morning, through solid ice, which was 18 inches thick on Saturday, and rapidly carried most of it down as far as the bar above High Head.

The jam above had not quite reached the bridge Sunday morning.

11½ A. M. *Sunday.*—The great jam having raised a head of water of from two to eight feet at its top or end, gave way from the pressure above and moved down majestically—the heavy ice piling and breaking upon the piers of the Penobscot Bridge—but moving on with immense force until more than half of the jam had passed through and been arrested by the unbroken ice and the bar just below the railroad station.

As soon as the jam started—the head of water from above came down and in fifteen minutes flooded the wharves at this city two feet deep—the rise being six or seven feet. It soon began to fall off—very slowly however—going down about four feet from noon to six o'clock on the ebb tide—when the tide falling below the jam left the water from four to six feet higher at and above steamboat wharf than below.

The damage by the movement of the ice on Sunday forenoon and the flowing of the water was not very great. There are considerable quantities of salt in the store houses of Messrs. Fisk & Dale, E. A. Upton & Co, and others—some of which was partially wet. Some shingles and clapboards floated away.

A pile of boards belonging to Franklin Adams above Penobscot Bridge, was broken by the ice and some of them lost. One of the storehouses was also considerably damaged; some lumber belonging to Mr. Roberts lost.

When the jam struck the steamboat wharves, and those below, great sheets and boulders of solid ice were thrown upon them—somewhat to the damage of the sheds—crushing the spiles and repairs of the wharves and leaving great masses of the crystalized elements in excellent positions for shipping by the first boat.

Sunday, 7 P. M. The jam remains as it was and is not expected to start till half flood, about ten o'clock.

West Market Square, Kenduskeag Bridge, Exchange Broad and Exchange Streets present animated scenes—the merchants being busily engaged with their workmen and teams, in removing goods from their stores, or raising them to the upper stories in order to be prepared for a possible flood on the next move of the jam.

Meantime, at about 4 o'clock this afternoon the water commenced cutting a channel through the solid ice below the jam. It began near the lower steamboat wharf, and in two hours had cut through a mile of solid ice from 18 inches to two feet in thickness. By seven o'clock it had thus cut a channel far below High Head. It was a scene rarely witnessed, and at times it was a grand exhibition of power—the solid blue ice of a foot and a half in thickness being cut through and crushed and forced under the main sheet of ice almost as fast as a man could walk.

In this manner an open space of from ten to twenty rods in width and over a mile in length, was formed to give space for the great jam at its next move.

At half-past 12 last night the jam still remained as it was in the evening. The tide about full—and the water even with the wharves. Many people were watching—expecting the ice to start on the ebb.

Closing Proceedings of the Board of Aldermen.

The business of the City Council having been completed,

Alderman Blake introduced the following Resolution, which was seconded by Alderman Stetson,—

Resolved, That the thanks of this board be tendered to his Honor the Mayor, for his able, efficient and impartial manner in which he has discharged the various and important duties incumbent on him, and for his courtesy in presiding over the deliberations of this board.

Alderman Howard, briefly, advocated the passage of the Resolution as follows—

Mr. Clerk—It is with great pleasure that I give my vote in favor of the passage of the Resolution offered by the gentleman from Ward two. Although it is a very general custom in all deliberative bodies to pass votes of thanks to (their presiding officers, at the close of their sessions, yet in the present instance I feel, and I doubt not it is the unanimous sentiment of this Board, that the resolution before us is more than a mere form, and expresses the sincere feelings of every member of this body, and is a proper and just testimonial to an honest, faithful and vigilant officer and private gentleman. Harmony has characterized all our deliberations, and this fact is owing in a great degree to the able and impartial manner in which as presiding officer he has discharged the duties of the chair, and our best wishes for his welfare and happiness will follow him in his retirement from his official station to duties of private life.

The Resolution was then passed unanimously. His Honor, the Mayor, addressed the Board—but we have not been able to obtain a report of his remarks.

The Board then adjourned sine die.

[We expected a report of the closing proceedings in Common Council, but did not receive it.]

Town Elections.

Blue Hill. Moderator—Ira Witham
Town Clerk—Vespatian Ellis
Selectmen—Jos. T. Hinckley, Putnam Ingalls, Andrew Long.
Collector—R. W. Hinckley.
Treasurer—E. H. Garland.
Sup. School Committee—E. R Osgood.
Town Agent—Ira Witham.
All good Republicans.

Brooksville. Selectmen—Sylvanus C. Wasson, Kearney Grindle and Andrew Gray.
Treasurer—John K. Blodgett.
Sup. School Committee—David Condon.
Clerk—Samuel Condon, Jr.
All Republicans.

Sullivan. Selectmen—James C. Chilcott, N. K. Preble and Thomas B. Hill.
Treasurer—R. S. Preble.
Sup. School Committee—James C. Chilcott.
All Republicans.

Republicans are also elected in West Gardiner, Windsor, South Thomaston, Monmouth, Turner, Poland, Minot, Freeport and Bristol.

THE NEW CITY GOVERNMENT.—Mayor Stetson will be inaugurated this (Monday) forenoon, and the new City Government be put in motion.

The alarm of fire at 10 last evening was false.

REAL ESTATE SALE.—Thomas L. Nay, Esq. recently sold the elegant residence of Josiah Bradway, now occupied by him, to Capt E. W. Robinson, for $4200.

NO SURPRISE AT ALL.—The Times again uncorked its small bottle of wit, on Saturday. From frequent airings it has become too stale to cause any "outburst."

Police Court. *March* 18. State vs. Edwin G. Spencer, George H. Spencer, Newman Davis and William Doane. This was a case for assault and battery upon the person of Moses Goodwin, all of Veazie. It appears that Goodwin entered, on Sunday night last, a house on the "Shore Road," and was there met by the assaultees. Sundry potations of the (ardent)," were imbibed, after which the two Spencers, in the language of the witness, "went in and whaled" Goodwin. Stories were freely used, as the damaged consequences of the evil of the parties but too plainly showed. The Spencers were adjudged guilty, and fined $5 each and costs, amounting to $11.41 they appealed. Doane was not arrested, and Doane was discharged, there being no evidence tending to implicate him in the assault.—*Union*.

FATAL ACCIDENT.—Mr. James Ricker of Solon, a young man about thirty years of age, in the employ of Mr. Herman Weliple, was killed in the logging swamp, near Parlin Pond, on Monday last, by the falling of a tree.

ANOTHER.—Mr. Hildreth, a worthy citizen of Greenville, at work for Messrs. Church & Sherman in the lumber swamp on Roach river, was so severely injured by the falling of a tree that he survived but a few hours. He leaves a wife and four children.—*Skowhegan Tel.*

A SAD SIGHT.—We saw in one of the cells of the Marshal's office yesterday noon, a lad stretched out on the floor, dead drunk. He was not more than fourteen years of age. He was taken there in the forenoon from a house on Pore street, where he had been creating some disturbance.—*Portland Adv.*

At a second trial for the choice of Mayor of Gardiner, on Tuesday last, H. S. Hastings, Esq., of the firm of Richards & Hastings, was elected by nearly a unanimous vote. All other candidates withdrew from the contest.

A GOOD COW.—Mr. John Pickham, of Haskell's Island, Hargswell, has a cow from which was made last year, 398 pounds of butter, besides raising her calf, which was fed on new milk eleven weeks, and the family, consisting of five persons, using all the milk they desired. In June last, her milk in one day, weighed thirty-six and a half pounds.

The Brunswick Telegraph states that Mr. Levi Melcher of that place, who became suddenly insane, and was sent to the Hospital last week, died on Sunday night.

Henry B. Hosking, Esq., has been elected mayor of Gardiner without opposition.

CALIFORNIA BOUND.—Mr. D. D. Blunt of Norridgewock, G. E. Hapgood of Skowhegan, and Luther Gray of Industry, go out in the Star of the West, which sails from New York on Monday next, en route for California.—*Telegraph.*

HELD FOR TRIAL.—Wm. H. Hall, the saloon keeper of Portland, arrested for an alleged outrage upon an Irish girl on the evening of the 16th, has been held to bail in the sum of $1000.

Judge Lucien, whose death we have noticed, died of congestion of the lungs, after an illness of one week. His age was 62 years and seven months.

We are glad to learn that Lieut. A. L. Hyde, of the Revenue service, has been ordered to this station. During his stay here some years since, Lieut. Hyde made many friends. For the last three years he has commanded the "Jefferson Davis" a first class Revenue vessel, and has been stationed in Washington Ter itory.—*Eastport Sentinel.*

FLOOD ON THE OHIO.—The Southern Illinoian of the 4th inst. says that Shawneetown was wholly submerged, with the exception of a few roofs of high ground at the upper end, by a freshet in the Ohio river. The water was four feet deep on the main street, and most of the inhabitants were living in the second stories of their houses. Business was generally suspended. The destruction to property along the Ohio and its tributaries had been immense.

PRO-SLAVERY NOTIONS.—The Albany Journal thus gives the essence of the political advance of slavery in this country:

"Seventy years ago the Democrats drew a line around the states, and said to the slave trader, 'Thus far you may go, but no farther.' Then was the Jeffersonian Proviso.' Thirty years ago they rubbed out part of the line, and said to him, 'You may go into Florida south, but not into lands north.' This was the Missouri Compromise. Five years ago, they rubbed out the rest of the line, and said to him, 'We will leave it to the citizens to decide whether you shall come in or not.' This was the Nebraska bill. Now they turn round boldly to him, hat in hand, and say, 'Go where you please; the land is all yours; the national flag shall protect you, and the national troops shoot down whoever resists you.' This is the Dred Scott Decision."

The Washington correspondent of the New York Express says

"The appointment of Mr. Holt to be Postmaster General disappoints many aspirants for the place. Mr. Holt was the opponent of the Hon. Humphrey Marshall, of Ky., at the last Congressional election in that State. He is a gentleman of great power as an orator, and of remarkable popularity with his party in the Louisville district. How he will manage the affairs of the Post Office Department, in its present insolvent condition, is yet a mystery. Mr. Brown, the late Postmaster General, was an amiable but rather weak man, with little refinment, but great hospitality. His household expenses here were at the rate of $20,000 per annum, which he could well afford. He was a candidate for the Presidential nomination."

FRENCH OF THE FRENCH COURT.—According to the Court Journal the Empress Eugenie's favorite gamin is *les petits papiers*, invented by her Majesty during the last autumnal rains, at Compiegne. This game, which is mysterious, and for more of a romping nature than is consistent with the activity and high spirits of her Majesty, is played by a gentleman to whom the part falls by lot, and who is at liberty to place the furniture in any difficult and intricate fashion he may choose. He is then furnished with a handful of paper cuttings, and the ring is held, voice upon any one of the ladies present, "*Hermance mes petits papiers*," he starts forward, in and through, and round about, over between and under the furniture, the lady thus challenged compelled to follow him in every turn and extreme expedient he may think proper to resort to, in order to pick up *les petits papiers*, which he of course takes care to frustrate the most difficult puncture.—To a game is always a welcome one, and has been known of the earliest resources in winning away the hours unoccupied by ceremony. In spite of all, the gay cavaliers and diplomatic dandies assemble at Compiegne, and to the grave and learned Pundit, Prosper Merimee, who is considered the best leader of *petits papiers*, and numerous and *spiritual* enough are the puns to which the processions excite in at the game giver rise.

CHINA.—The following are the details of the late disturbances at Canton:

At Canton, we regret to say, fresh disturbances have taken place. On the 8th inst., a body of our troops, 700 strong, were out exercising some miles from Canton near a village called Shek-tsien, and on their return were fired upon by a party of Braves. A few Chinese were killed, and our troops returned slowly toward Canton, followed at some distance by the Braves. There was no loss of life on our side. After three days spent in organising an expedition, the village was attacked by our gunboats and troops about 2000 strong. There were two heavy batteries defending the approaches, but a simultaneous attack on both sides carried the place without loss. The batteries and village were destroyed, and some 60 or 70 of the Braves killed.

Sucuia Jessun was much required, and will, no doubt, be productive of good; but from documents which have been intercepted lately, it appears that the Braves are not acting from mere hatred to foreigners, but are encouraged by the high authorities at Pekin to resist and drive out the Barbarians.

DON'T PROTECTION TO THE YOUNG.—An old Canadian hunter declares that the reason why the wild deer were not killed when young, as they only breed once a year, and are always surrounded by other animals which prey upon them, as cogs, wolves, bears, panthers, &c.; so, that no dog or other animals can smell the track of a doe or fawn, while the latter is too young to take care of itself. He stated that he had often seen it demonstrated. He had often taken his dog over the ground when he had just before seen them pass, and they would take not notice of the track and could not be induced to follow it when taken to the spot; while they would instantly discover the track of any deer just having young ones. This is but one proof of the adaptation of the natural laws to preserve life when it most needs protection.—*St. Paul Advocate.*

DOG TRADE ON THE LAKES.—A letter from Bay county, Michigan, thus describes the dog trade on the Lakes, by which the mails are carried during the winter months:—

We have, during the close of navigation, what we call the "dog mail," and, by the by, I will describe to you how our mail is carried in this new and wild country. The route is from Saginaw city to Green Bay or Mackinaw by land. The contract is taken by half-breeds, French and Indian, hardy, athletic men. They have the thing so arranged that one train of dogs leaves each end of the route every week. That gives all the offices on the bay shore a mail a week each way.

The train is composed of from four to six large dogs, harnessed in single file and attached to what they call a "traine." This kind of dray, some seven feet long and about fifteen inches wide, turned up before, so that it will run easily over the snow, on which they bind their mail bags first, then the blankets, snow shoes, provisions, hatchets, &c. They are prepared to camp at night wherever darkness overtakes them. They are generally two men and six dogs to each train. They feed their dogs on dry cornmeal and tallow. Their mail, baggage, &c, make up quite a load, which the dogs seem to draw with much ease and speed. This mail continues only during the close of navigation.

IT IS BEST TO GET MARRIED.—Mr. Farr, a statistician, connected with the Registrar-General's Office in London, has recently read a paper, which was afterwards printed in the Daily News, on "The Influence of Marriage on the Mortality of the French People." He says: "A remarkable series of observations, extending over the whole of France enables us to determine for the first time the effect of conjugal condition in the life of a large population. The result confirms the common opinion of the evil consequences of marriage in many cases under the age of twenty. Before the growth of the individual man or woman is completed." *The married from twenty to sixty have a lower death rate than the unmarried.* Among the widowed a higher mortality prevails than among the married.

M. Farr sums up—"This is the general result. Marriage is a healthy state. The single individuals more likely to be wrecked on the voyage than the lives joined together in matrimony."

ANOTHER GIGANTIC ENTERPRISE.—One of the most stupendous commercial enterprises of the present day is a proposal to unite the Bay of Bengal and Gulf of Siam, by a ship canal across the Malayan Peninsula, which would shorten the voyage from Calcutta to Calcutta over eleven hundred miles.

A Utah correspondent of the Philadelphia Inquirer states as a fact, that Elder Kimball had fourteen children born to him in the month of November last, all doing well! Heber and Brigham have become that covet each an acre of ground.

Every mother and housekeeper must often act as a family physician in the numerous illnesses and accidents that occur among children and servants. For many of these cases, I have used Davis' Pain Killer, and consider it an indispensable article in the medicine box. In short, as it has been used and effects since. For cuts and bruises it has been invaluable.—*N. Y. Examiner*. sold by all medicine dealers.

The Oxygenated Bitters are doing wonders in the cure of Dyspepsia, Debility, Jaundice and Liver diseases. Of the thousand and one preparations offered for the cure of these diseases this alone appears to perform all it promises.

SPECIAL NOTICES.

Horse for Sale. Enquire at this office.

Mr. Norris's SALVE.—This salve is now acknowledged by individuals to be the best article ever offered for he speedy cure of burns, scalds, sores, chapped hands, &c. See Advertisement.

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER

WASHINGTON, March 19.

There is much reserve in official quarters as to the extra session question, and no satisfactory response has thus far been elicited, but to-night there is reason to believe that it is decided in abeyance for the present, liable to be taken up at a future period. There is a sublect pending which probably induces the indecision, viz: whether the mail service can be carried on by certificate instead of cash until Congress shall make the necessary appropriations. It is a generally accredited fact that all the members of the cabinet are against an extra session.

A special mail agencies, 17 in number, have been discontinued, and the order granting compensation out of the postage, exceeding some $60 Postmasters, has been revoked.

It is understood that the Postmaster General has threatened to resign, unless an extra session of Congress is called.

The Stickles trial has been put down for Monday week. Ex-Senator Badger, of N. C., has, it is said, been engaged to assist the District Attorney in the prosecution.

Gen. George P. Morris, editor of the Home Journal, has been appointed Consul at Havre.

Señor Mata, the Minister of the Juarez Government in Mexico, left Washington to-day on his return to Vera Cruz, by way of New Orleans.

The Union of to-day contains another article of two columns, from Mr. Gillett, to show that the revenue of the Post Office department can be applied to the service without special appropriation, strictly law.

Gen. Lane will return to Oregon by the steamer of April 6th.

NEW YORK, 18th.

The Governor of New Jersey offers $500 reward for the arrest of Rev. J. S. Harden, of Anderson, N. J., who has absconded under charge of killing his wife with poison.

The Baltimore papers of yesterday contain accounts of a terrible riot on St. Patrick's day, of the water works near that city, between the Corkonians and Fardowners. Firearms, clubs, axes and shovels were freely used and about 100 wounded, some of them it is thought fatally.

READING, Pa., 19th.

Mr. Keim the peoples candidate was elected to-day by 944 majority. All the opposition council were also elected.

WATERTOWN, N. Y., 19th.

A freight train on the Rome Railroad ran off the track this morning near Pierrepont Manor, demolishing the engine and seven cars and killing 25 cattle. No person was seriously injured.

PHILADELPHIA, 19th.

The track of the Camden and Amboy road near Florence is washed away. The passengers by the two o'clock train from New York returned to Trenton and arrived here this evening. The travel of the Camden and Amboy Road will be suspended for a day or two in consequence of the injury to the track.

CLINTON, Pa., 19th.

This morning the freight engine Meteor, on the Baltimore Railroad exploded, killing the engineer, Mr Hall, a native of Littleton, Mass, and the fireman. Four or five cars were slightly damaged.

DETROIT, 19th.

The express train on the Great Western Railway ran off the track near Hamilton last night, demolishing the cars, and killing four or five persons, including the engineer, and wounding several others. But few particulars have as yet been learned.

ST. LOUIS, 19th.

The New Mexican mail of the 1st inst. reached Independence this evening. The news is unimportant.

Mr. Allison arrived at Independence yesterday from Pike's Peak, and reports the story of gold being there a humbug. He says there is no money there, and no probability of there being any.

ALBANY, 20th.

A terrible railroad accident happened yesterday, between Flamboro and Dundas. The engine and tender went away a bank, and the engine sank in 8 feet of clear water. The tender sank in 30 feet deep with a portion of the train, the locomotive, baggage car, and two passenger cars were left in. The spot is represented as more horrible than that at the Desjardines bridge. A terrific storm was prevailing, and the water washing from the mountain. There was great difficulty in extricating the wounded for extricating the dead. The cars were a perfect mass of wreck and the locomotive was completely buried in the sand. The night freight train passed over the spot in safety half an hour previous to the accident. The baggage car fell above and on to the locomotive; the first passenger car ran against that; the second passenger car slid sideways and upturned the end of the first, and the third jumping into this had the corners torn away. Six men were killed, and several wounded, some seriously. Several broke open riverside to the road, as also on the Toronto line.

The New York boats did not arrive this morning until 9 o'clock on account of the ice in the river. The steamer Oregon went up the Hudson River Railroad passengers from Rondout. The water was six feet over the dock, but is now receding. Twenty miles or more of the Hudson River Railroad track is under water. It is impossible to tell whether any of it is washed away until the water falls. No trains will be sent out until the road is well examined.

New York Markets.

NEW YORK, March 19.

Flour—receipts 3180; sales 9400 barrels. Legislature of Maine.

TUESDAY AFTERNOON, 17th.

In the House.

Passed to be engrossed—Resolve relating to The late S. Brown, an inmate of the Insane Hospital; resolve in favor of Wm M. Jordan; resolve in favor of the Penobscot Indians Attending school at Greenbush; resolve in favor of Arvida Hayford.

The House took up the State Prison Resolves.

Mr Smart spoke in opposition to the resolves. Mr Blaine replied and Mr Smart rejoined.

FRIDAY, 18th.

In the Senate.

Mr Hamlin, from the Judiciary Committee reported a bill relating to allowances to widows. Read and assigned.

Also, legislative inexpedient on order relating to the reports of judicial decisions. Accepted.

Read and assigned—Bill to incorporate the Skowhegan Dam Company; bill in relation to the distribution of school money among the smaller school districts; resolve in favor of Arvida Hayford; resolve in favor of the Penobscot Indians attending school in the town of Greenbush; resolve relating to Theodore S. Brown an inmate of the Insane Hospital.

In the House.

Reports of Committees accepted—On Fisheries by Mr Stevens, an act relating to the taking of Fish on the coast of Maine. Bill read twice, laid on the table and ordered to be printed.

On Indian Affairs by Mr Wilson, legislative expedient on memorial of J. A. Lee. Laid on the table on motion of Mr Reuros of Medybemps; also, a final report and asking to be discharged. Report accepted and Committee discharged.

Resolves relating to the State Prison, were taken from the table, on motion of Mr Blaine.

The Aroostook Railroad bill was taken up. Mr Pike spoke at length in opposition to the bill, and held the floor when the House adjourned. Adjourned till 4 o'clock.

It is stated by the Axe that Mr McCrillis would reply to Mr Pike.]

The alarm of fire on Saturday afternoon was from a house on the upper part of Hancock Street. The flames on the roof but was extinguished with buckets before the engines arrived.

A poor woman in Easton, Pa. to the story goes, being unable to procure a coffin, packed her dead child in a rain in box a few days since, and started with it under her arm for a cemetery two miles out of town, where she had some relatives buried. On arriving at the cemetery the woman found the gate of the enclosure locked, and the sexton refused to dig the grave because she had not a dollar to give him, and grossly told her to go back to Easton again; and she plodded her way back, with a sorrowful heart. In the evening, a gentleman who had heard of the case, kindly buried the child at his own expense.

Brig Matilda, of Stockton, Me., before reported in a waterlogged condition, was fallen in with on 12th inst. by the ship Sea Witch, burned at, and still on fire by each S. N. Smith, at Philadelphia, which sailed around her twice, to find if any person was anywhere aboard.

The Prince of Wales is now in Italy, pursuing his studies preparatory to the duties that may at any time devolve upon him, of governing the British empire.

The entire number of Americans in Arizona, all told, is said to be 260. Sixteen of them are women.

California Steamship Line via Nicaragua.

Atlantic and Pacific Steamship Company Proprietors.

Opposition Line at Reduced Rates.

New York to San Francisco.

First Cabin.....$125 | Second Steerage.....$100
Second Cabin.....100 | Steerage.....50

The transit of the Isthmus included.

The splendid steamship WASHINGTON, 3,000 tons register, Capt. Henry Hatchill, having been fitted up expressly for the California trade by the Steamship Company, will leave pier 1, North river, New York, on Monday, the 5th of December at 3 P. M., carrying passengers, specie, and letter mail for San Juan del Norte, to connect at San Juan del Sur with the Mail Steamship Cornelius Vanderbilt, HERMANN, Capt. Cassidy, for the San Francisco, California. This splendid steamer is now under the command of one of the commanders of the Company's fleet, and passengers may rely upon a safe, comfortable and speedy passage.

The Company's new and magnificent steamship *Northern Light,* Capt. Wright, will succeed the Washington, and leave pier 1, North river, New York, on the 20th of December, at 3 P. M., carrying passengers, specie, and letter mail for San Juan del Norte, to connect at San Juan del Sur with the Mail Steamship Cornelius Vanderbilt, HERMANN, Capt. Cassidy, for the San Francisco, California. This splendid steamer is now under the command of one of the commanders of the Company's fleet, and passengers may rely upon a safe, comfortable and speedy passage.

This route has just been fitted up with first-class accommodations for passengers, making this the best, especially safe and comfortable route for travel between New York and Madeira.

PASSAGE $160—including Fare and Stores.

Goods forwarded by this line to and from Montreal, Quebec, Bangor, Bath, Augusta, Hallowell and St. John, also, connects with steamers for Baltimore. Goods taken through with despatch and at the cheapest rates.

Shippers are requested to send their freight to the wharf before 3 P. M. on the day that the steamer leaves Portland.

For freight or passage apply to

EMERY & FOX, H. B. CROMWELL,
1 Long Wharf, Pier 12 N. River,
Portland. New York.

Dec. 1st 1858

California Steamers,

Carrying the United State Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, via Panama R. R.

CAUTION TO THE PUBLIC.

On account of the numerous frauds and impositions on travelers, those bound to California are cautioned to buy Tickets at the only authorized Agencies of the United States Mail Line, as below.

By order of the Post-master General, the United States Mail Steamers will hereafter be dispatched from New York to Aspinwall, on the 5th and 20th of each month.

Passengers booking at the Railroad Depot, Aspinwall, are forwarded across to the Pacific Steamers *without any extra expense,* as is the case with other lines, giving Three or Four Hours, quarantine and detention on the Isthmus.

The old route by the *Four hours, entirely by Railway,* thus avoiding the risk of exposure by night in open Mail Stages, and 200 miles of dangerous lake and river navigation, over rocks and shoals.

Arrangements have now been completed to start the regular U. S. Pacific Mail Steamship on the 5th and 20th of each month, from Panama for San Francisco, connecting at Panama with the Atlantic Mails and passengers, thus securing for passengers by the Mail Line a sure and *short* passage, with the greatest comfort and safety to health.

Tickets must be sent by one of the Company's Agents before they will be recognized by the Panama and Pacific Mail Steamship Company, in this city.

C. DARLING, Agent,
No. 10 Broad street, Boston.

August 1, 1858 1y

LINCOLN'S WATER PROOF BLACKING, AND LEATHER PRESERVATIVE.

Keep your feet dry and you will seldom need a Physician.

IS not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? If it a truth that when leather is often wet and dried, it soon becomes hard, stiff, and cracks? If not what is the use of water-proof blacking? If the application of this preservative, it remains soft, and entirely impervious to water.

After having engaged for 25 years in the manufacture of leather in all its branches, this being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which properly harmonizes with the nutritious properties which leather is tanned. It will not only render the leather an article of durable wear when the leather is new, but will preserve it from decay.

Positively wears twice as long.

I have now used it for three years, and a large part of that time have worked in a Wet Tannery, with my boots constantly in water, and have never had my feet wet during that time. I can therefore in all candor, recommend it to the public as the best article in the market.

EDWIN NOYES, Supt.

Nov. 29, 1858

THE HATCH HOUSE,

Main Street, Bangor, Maine.

THIS House has been, thoroughly repaired, painted, and refurnished throughout, with the best Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, at reduced charges for the winter season.

It is a large, commodious, and well-furnished House, situated in Main street near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Railroad, through which Coaches are always in readiness to convey passengers.

Its numerous and unique passenger, and particularly to the one visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.

Connected with the House is a large and commodious Stable in charge of competent and faithful hostlers.

By strict personal attention to the comfort of its guests, the proprietor hopes to receive a liberal share of patronage.

NATHAN PERRY, Jr.

Bangor, Feb. 25, 1856

BEE.

THE LUXURY AND PROFIT OF HONEY MAKING.

Torrey's Bee Hive.

THE subscriber, having purchased the right of making and selling *Davis' Patent Bee Hive* for the Counties of Penobscot, Lincoln and Sagadahoc, which has been received with so much favor, and taken the first premiums wherever exhibited, has introduced an improvement in the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals.

This Bee Hive, this improved is admitted by persons acquainted with the Honey making business to be superior to every thing yet invented for the purpose. It secures all the requisites for the profitable maintenance of the apiary, by providing for ventilation at all seasons of the year—room for the exercise and feed of the bees—convenience for the removal of excrement, for the proper operation of the swarm, and generally for the health and comfort of the workers.

The boxes used in this Hive to store honey, are the best adapted in the market, for packing, holding from three to six pounds each.

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

For sale, by swarm or Bee, with the new hive.

For hives, individual rights, &c., address

SETH S. TORREY,
Fifth street, Bangor.

D. R. HOBENSACK'S

Worm Syrup and Liver Pills.

PROBABLY one-seventh the whole Medicines from the quantity sold, owe their *good effects* to the fact that they contain no qualities except what *Worms like.* Consequently in many instances where we mistake the symptoms of disease and doctor for worms, when the cause of disease is not worms but a *derangement of the system,* and *consequent debility,* and to which no good result follows, or even in the *doubtful sickness,* or *incurable,* or *dead* patient immediately gets well, the credit is given to the worms.

This will be readily seen that it possesses *many advantages* over other worm medicines, as it is not only sure to kill and destroy away the worms, but builds up and restores the patient to general health, besides.

By strict personal attention to the comfort of its guests, the proprietor hopes for a liberal share of patronage.

Sold, wholesale and retail, by W. L. Allen & Co., Hamlin's Block, and N. S. Harlow, No. 4 Smith's Block, Bangor.

American Safety Paper

Manufacturing Company of N. Y.

Capital $500,000.

A. NICHOLAS, President. Office, 70 Wall-st.

A Perfect Security against all manner of Fraud or Counterfeiting on Paper—To Prevent Photographs and Acidulate Counterfeits, Erasures, Transfers or Alterations.

HAVING purchased the Patent for the exclusive right to manufacture and sell the Chemical Paper in America, invented and patented in England by HENRY GLENN, a celebrated chemist and officer in the British army, it is hardly necessary to say that the Paper is recommended by Mr. Kent, Assayer of the U. S. Mint, Mr. Lyman of the New York Clearing House, and Meade Brothers, extensive and skilful photographers, 358 Broadway, N. Y. The latter say that no imitation can be made of a check or bank note printed on the Safety Paper. Below is our list of prices:

Bank Checks—35 cts. per lb.
Bank Bills—$18 for 1000 sheets.
Bills of Exchange—$25 for 1000 sheets.
Promissory Notes—40 cts. per lb.
Sight and Time Drafts—$25 for 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stocks and Bonds—40 cts. per lb.
Bank and State Stocks—40 cts. per lb.
Bonds and Mortgages—0 cts. per lb.
Wills and Deeds—40 cts. per lb.

For wrapping Silks and other fine articles it is excellent, as it prevents moths. 40 cts. a lb.

For Indentures and Agreements, 4 cts. a lb.

Register's County Records should always be printed or written on this paper, as the chemicals inserted in the pulp not only prevents erasure or transfer, but makes it lasting at time.

For Southern climates it is excellent, and indeed superior to any before in the world, as the moistness of the climate does not destroy it,—the properties inserted in the pulp being a preventive. In all the Southern States, Cuba, the West Indies, and the Central American States, no public records can be kept above 20 years, written on the ordinary paper, while no other paper than this can be inserted in this paper makes it indestructible by the ravages of time. It is also pre-eminently free from moths, and other vermin, which feast on and destroy all other paper now in use.

The Company have now in operation Mills in Morris County, N. J., of about 300 horse power, and are building still all orders for Paper at the shortest notice.

All letters for the Paper must be addressed to A. NICHOLAS, President of the Company, No. 70 Wall street, New York.

American & Foreign Patents,

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent U. S. Patent Office, Washington, under the Act of 1837.

70 State St., opposite Kilby St.,

BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States, as well as in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers on Defences for Patents, executed on liberal terms, and with despatch.

Reexaminations made in American or Foreign works, to determine the validity or utility of Patents or Inventions, and all other researches in all matters touching the same. Copies of the Claims of any Patent furnished by remitting One Dollar. Assignments recorded in Washington.

The Agency is now only one in New England, but through the unparalleled advantages for procuring Patents, of a certain notice of the patentability of inventions unsurpassed by any, and immeasurably superior to, any which can be offered from this city.

The testimonials below given prove that no one is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGE AND ABILITY, he would add that this abundant reason to believe, and to convince, that for all other parts of the United States the charge of professional services are moderate. The immense practice of the subscriber during twenty years past, has enabled him to become a vast collection of specifications and other decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there are hereby avoided from inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.

HENRY MASON,
Commissioner of Patents.

I have much pleasure in assuring inventors that they cannot employ a person more competent and trustworthy, and in every case in which I have had occasion to refer to the records of the Patent Office, Mr. EDMUND BURKE, late Chief Clerk and Examiner of Patents, Hon. Thomas Ewbank, late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, in all cases of which patents have been granted, and that in a period of unusually short time, and in a manner highly creditable to the talents and industry of the solicitor. I have no hesitation in recommending him to those of my fellow citizens who may require the services of a solicitor, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

JOHN TAGGERT.

From Sept. 17th, 1857, to June 7th, 1858, the subscriber, in course of his large practice, made application for and received SIXTEEN APPEALS, EVERY ONE of which was decided in his favor by the Commissioner of Patents.

R. H. EDDY.

Boston, Sept. 7, 1858. 3m&wly

READ! READ!! READ!!!

Many persons are suffering severely by some or other Complaint.

The perfection of the system on the new almost all diseases; their eyes water when they are exposed to a slight wind, or have to travel or ride in the open air, a strong light dazzles them, they suffer from smarting, burning sensation, as if dust was thrown in, tear eye, they are unable to read or write by gas or lamp light. All these troubles can usually be remedied by the use of

Dr. Pettit's American Eye Salve.

Rev. C. M. Woodward, writes: GOGGLES and GLASSES may compensate for eighteen years, have been laid aside. I meet all the storms of winter and *dust of summer* with the naked eye.

THE LIVER

NV[illegible]

PREPARED BY DR. SANFORD,

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public.

These Gums remove all inactive or badmatter from the system, supply it with their place a new flow of bile, invigorating the stomach, causing food to digest well, purifying the *blood,* giving it new and healthful life, the whole being a cherry, removing the cause of the disease—effecting a radical cure.

Bilious attacks are cured, and will be prevented by its occasional use. Use the *Liver Invigorator.*

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents *nightmare.*

Only one dose, taken at an odd hour, cures the bowel complaint, and is a certain *cure for diarrhœa.*

One dose [illegible] after each meal will cure *Dyspepsia.*

One dose of two tea spoonfuls will always relieve *Sick Headache.*

Only one dose is sufficient to relieve *Costiveness.*

All who use it are giving testimony to its virtues.

Mix water in the mouth and swallow both together.

Price One Dollar per Bottle

HORSE OWNERS, READ! READ!!

CLEMENTSVILLE, N. J., March 18, 1858

Mr. C. C. Butler—Sir: I have sold one box of MILLER'S Condition Powders for Horses, and I pay you for them, and I [illegible] you in my name to send me a dozen more boxes, by express, and let them pay you for them, and I will pay them when I see them. Yours truly, O. K. BROWN.

NEW CANAAN, Ct., April 1, 1858.

Mr. C. C. Butler—Dear Sir: The first of Feb. last you left me some of Dr. Miller's Condition Powders. I have tried them myself and many of my friends, and we think them the best recommendation to sell that I will say to send me six dozen more as soon as convenient. Please [illegible] express, pay you for them, and I will pay them when I see you.

Yours truly, MOSES COLEMAN.

Important to Horse Owners.

PORTSMOUTH, N. H., May 20, 1858.

T. C. Butler, Esq

Dear Sir:—During the last year I have sold some 300 packages of your Miller's Condition Powders, for Horses and Cattle, and in instance that I have heard of, have they failed of giving entire satisfaction.

I regard them as standing at the head of all Horse medicines now in the market, and am entertained in this city, by all the stable-keepers and owners of horses who have used them in this vicinity.

I cheerfully give my testimony in favor of your powders, and advise all interested, to give them a trial. Very respectfully yours,

(Signed) WILLIAM B. PRESTON.

We, the undersigned, fully endorse the above recommendation. (Signed)

Nathan Jones, stable keeper, Portsmouth.

MAGIC—Goods received by

feb21 D. BUGBEE & CO.

The Boston Journal

FOR 1859.

"The Favorite Paper of New England."

Published Daily, Semi-Weekly and Weekly.

Payment invariably in advance.

In announcing the terms for the year 1859, the proprietor deems it necessary to describe the peculiar characteristics of his newspaper, or to make any special promises for the future. He deems it sufficient to say what

THE BOSTON JOURNAL

has been in the past it will be in the future, the almost unanimous favorite of the families throughout New England, its circulation in each of the New England States being the largest of the kind which is published in that State. Its character for reliability, its freedom from party bias, its unsectarian character, its full and accurate reports of all matters of interest, and its general literary merit, have secured for it a degree of confidence and patronage of the public—which, as a result has been that it *has now a circulation three times as large as that of any other daily paper in New England*—and it is constantly increasing. The proprietor intends to continue the employment of experienced and competent men in all the departments of the establishment, and by the most liberal outlay in procuring of important news from all parts of the world to make THE JOURNAL still more worthy of the name of "*the favorite paper of New England.*" And with this ample announcement to the attention of news, prior to the publication of other papers, and by the most liberal outlay in procuring of important news from all parts of the world,
